Žiar nad Hronom, Slovakia

I'm an IT student — I know I know nothing, but I love learning and exploring. Let's turn your ideas into reality together.

Work Experience

- **SLSP bank - Slovenská sporiteľňa** *Jul 2023 – Sep 2024*
  Technical Assistant in End-User Support team Banská Bystrica, Slovakia
  - Preparing workspaces, cable management, troubleshooting and fixing equipment and database management.
- **Secondary vocational technical school, Handlová** *Sep 2022 – Apr 2024*
  Networking Lecturer (Volunteer work, outside of employment commitments) Handlová, Slovakia
  - I was co-leading and later leading networking labs, a community where older students taught younger students networking and had a lot of fun in the process.
  - Teaching students (CCNA level), managing curriculum and organizing events.

Education

- **Faculty of Informatics, Masaryk University** *Sep 2024 – Present*
  Bachelor's Degree: Programming and application development Brno, Czech Republic
- **Secondary vocational technical school, Handlová** *Sep 2020 – Jun 2024*
  Information and Networking technologies Handlová, Slovakia
  - Included programming in Python, Java and C, Netacad program for CCNA networking from Cisco, databases, hardware or working with Linux.

Projects

- **Parseq - Stock Analysis Platform** *Jan 2025 – Present*
  - For over a year, I have been working with friends on a commercial hobby project alongside my studies. We are building Parseq, a stock analysis platform. We already have around 100 active paying users and have big plans for the future.

    Since this is a relatively small project, my role is quite broad. I am responsible for most of the backend and server management, with occasional help on the frontend. This has allowed me to learn and discover many new things and technologies. Visit: parseq.io

Certifications

CCNA – Cisco Certified Network Associate (200-301) *4. July 2022*
Last recertification: Feb 2025 (Valid Feb 2025 – Feb 2028)
Verification Number: MLV6ECT36PRQ13CL

Skills & Interests

- **Programming Languages & Frameworks:** Python, C, Haskell (basics), Java (basics), JavaScript (basics), C# (basics), Assembly (basics), Django, Flask, Selenium
- **Other Tools & Skills:** Jira, Networking – CCNA, HTML, CSS, LaTeX (basics), 3D Printing - FDM & Resin, Blender, Digital Ocean, SQL, Office Tools, Adobe Photoshop & Illustrator
- **DevOps & Version Control:** Git & GitHub, Docker, Grafana
- **AI-assisted development:** Claude Code, Codex, MCP, ...
- **Languages:** Slovak (Native), English (Advanced)
- **Hobbies:** Reading (Fantasy), Running, Board Games, D&D, 3D Printing, Cooking
